

BARRY STEVENS

ABOUT ME

I have had a long and rewarding career in coaching and management, including working alongside NZ National Squad Coaches and accomplished international coaches from Denmark, South Korea, Netherlands and Malaysia. I have coached association and regional representative teams to achieve the highest record of national and Australasian titles over nearly 10 consecutive years. Many very talented juniors have begun their playing with me going on to represent NZ at BWF International tournaments, Sudirman Cup, Thomas & Uber Cups and World Badminton Championships. I was always very proud to be there supporting them on the World stage.

I am similarly proud of any player who not only loves the sport of badminton but commits to focused training to achieve their goals.
